PACKAGE
FOR \$200**

SAVE UP TO \$195

By packaging the allergy testing and treatment together, for 1 low price, we eliminate the need for the Veterinarian to go back and ask the pet parent to invest more money in treatment after the testing has been done.

The package includes a SPOT Platinum allergy test and an initial therapy set for your patient. A full therapy set is included, whether a single set, a double set, sublingual or subcutaneous. Simply select Test & Treat on your order form.
